

**SNOW DAY**

focused version part 1

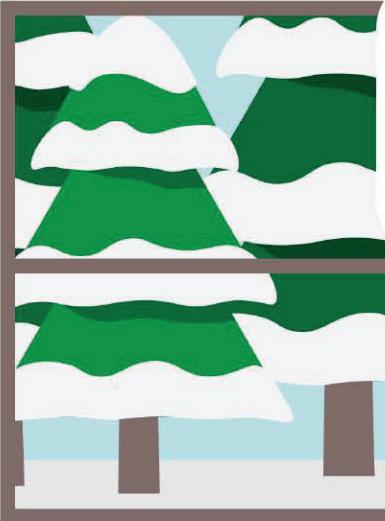

It's a snow day! Last night, it turned into a winter wonderland right outside the windows! Everything else is cancelled, so everyone has time to do their favorite things! What are you going to do?

I'm going ice-skating. I love going fast on the ice, and I can only do it when it's winter.

I'm going outside with Monkey, but I'm not skating. I like exploring more! I want to discover something new today.

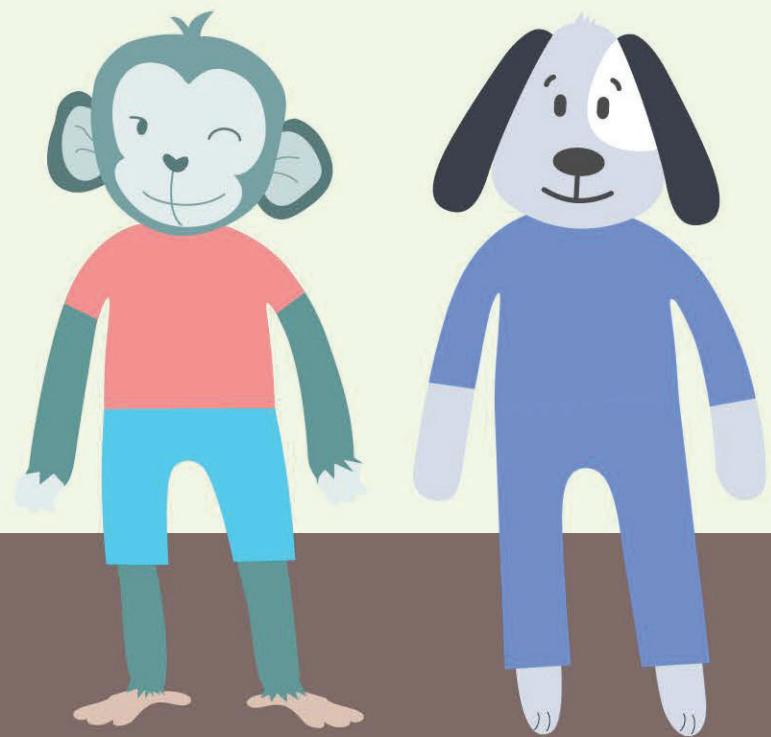

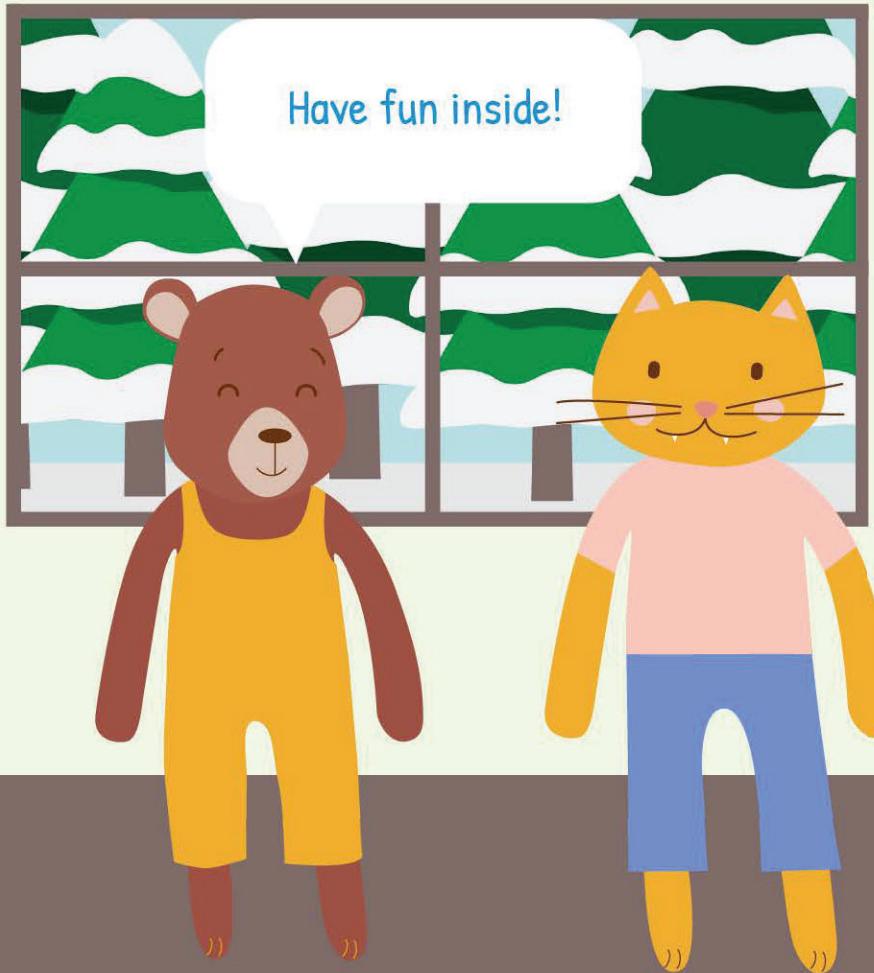

I think I'll stay inside and paint.  
Painting makes me happy.

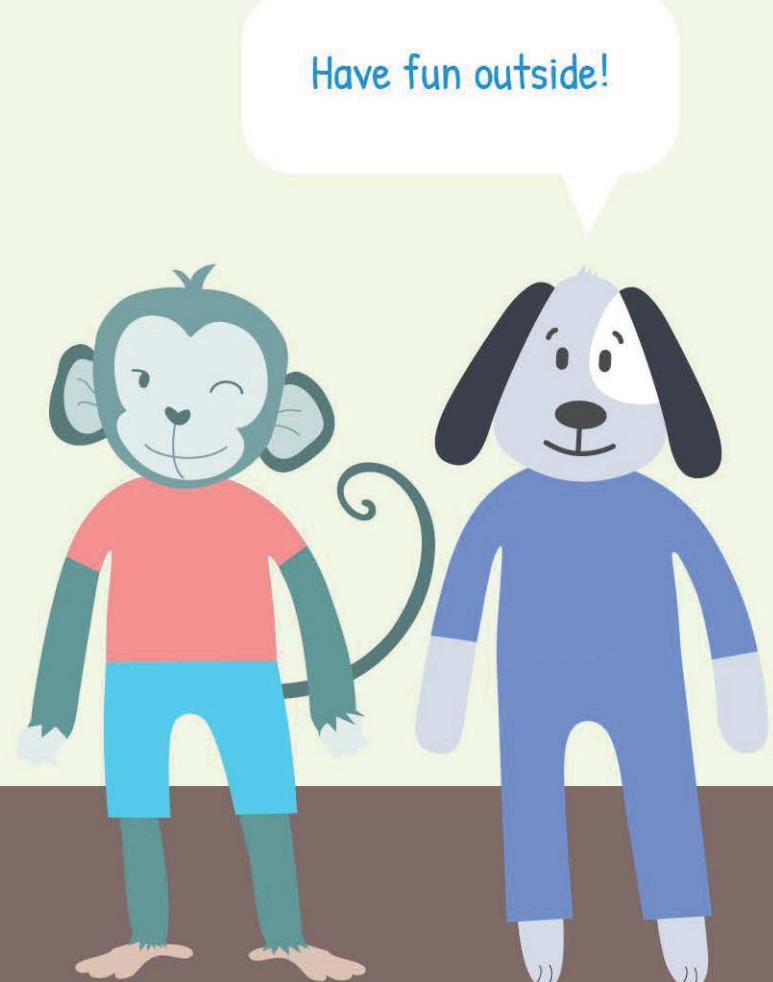

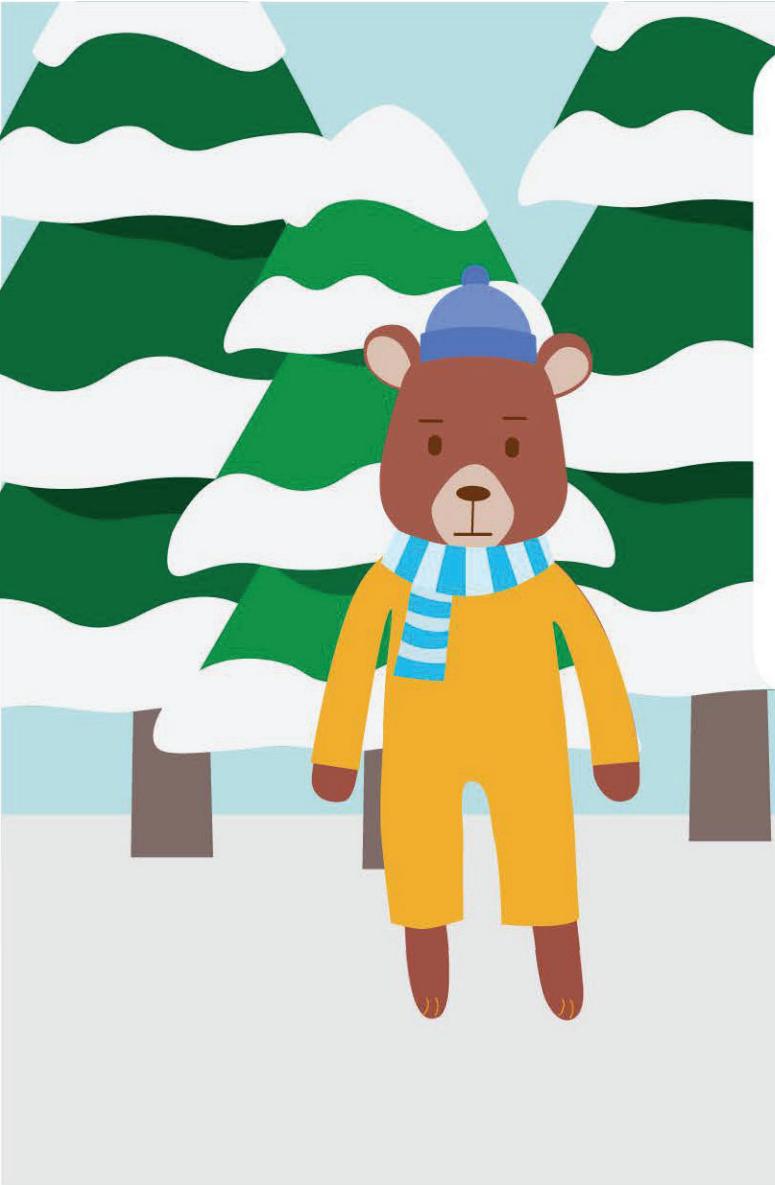

I'm with Cat; going outside when it's cold doesn't sound fun for me. I will go visit the greenhouse and see how the plants are doing!

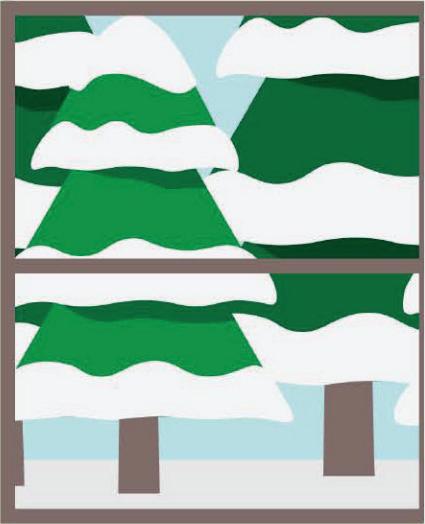

Look at me! I'm skating! This is my favorite thing to do when it snows. I can go faster on the ice than I can when I run! Winter is my favorite season, too. I like being outside when it's still snowing. I can stick out my tongue and catch snowflakes, and I can make snow angels when I get tired from skating. Watch me do a spin!

I like skating with Monkey, but I don't like it as much as them. I always feel clumsy. I can't stay on my feet on the ice! When I'm outside, I like to go exploring. The best part of exploring is seeing new things. I love new things! Last time I went exploring, I saw the prettiest view from the mountains. The time before, I saw a squirrel stashing nuts for winter! Today, I think I'm going to climb a tree. Then, I get to see a pretty view again.

I'd rather stay inside in my fuzzy socks than outside in my snowpants. Today, I'm going to paint a picture. I want to draw the view outside my window because while I don't like playing in the snow, I think the snow is very beautiful. And my favorite color to paint with is blue! I can make all the snowflakes blue! Afterwards, when I'm done, I get to show my best friends my paintings. That always makes me feel proud.

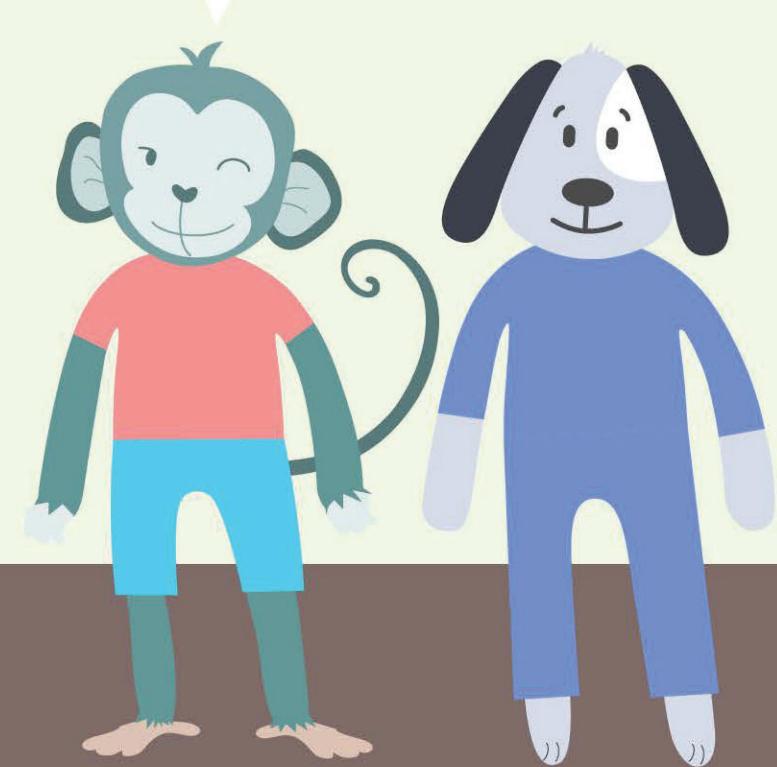

I don't like the cold, so I stay inside with my plants. I like taking care of them because my plants are my friends. All of them have different needs, and I know all of them. This one needs a lot of sunlight. This one doesn't need a lot of water. When I keep them happy, they grow big and strong, which makes me happy!

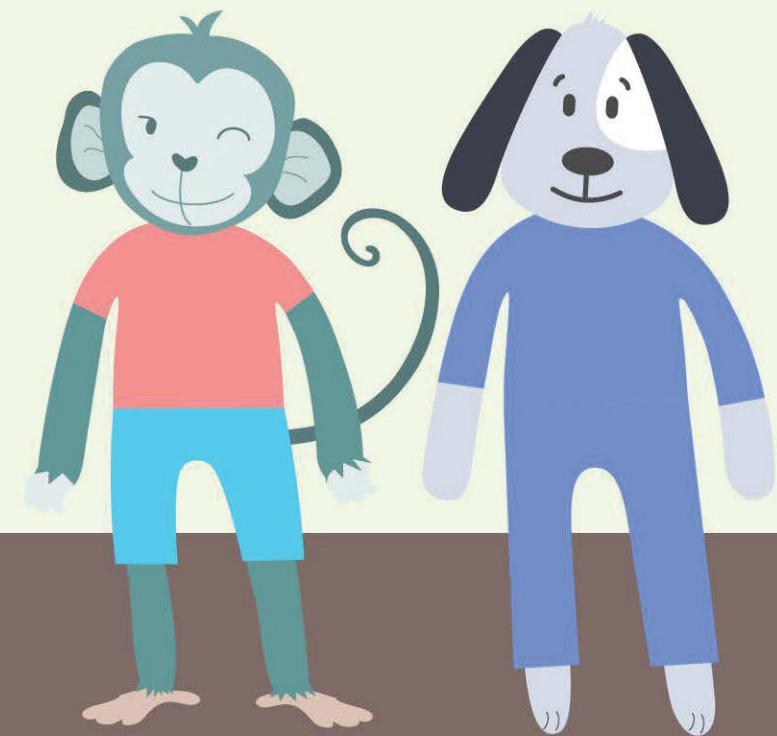

I'm so excited to tell you everything I've done today! I did so many spins on the ice, but the coolest trick I did was a jump!

I have good stories too! I saw our cabin from the top of the tree. It looked so small up there!

I made a drawing! I can't wait to show everyone. I worked super hard on it.

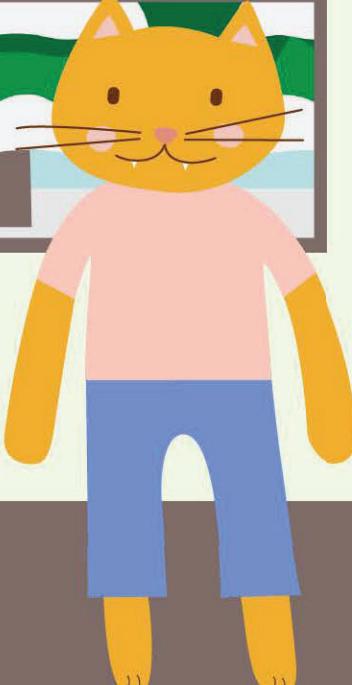

I'll show you my plants. They aren't babies anymore!

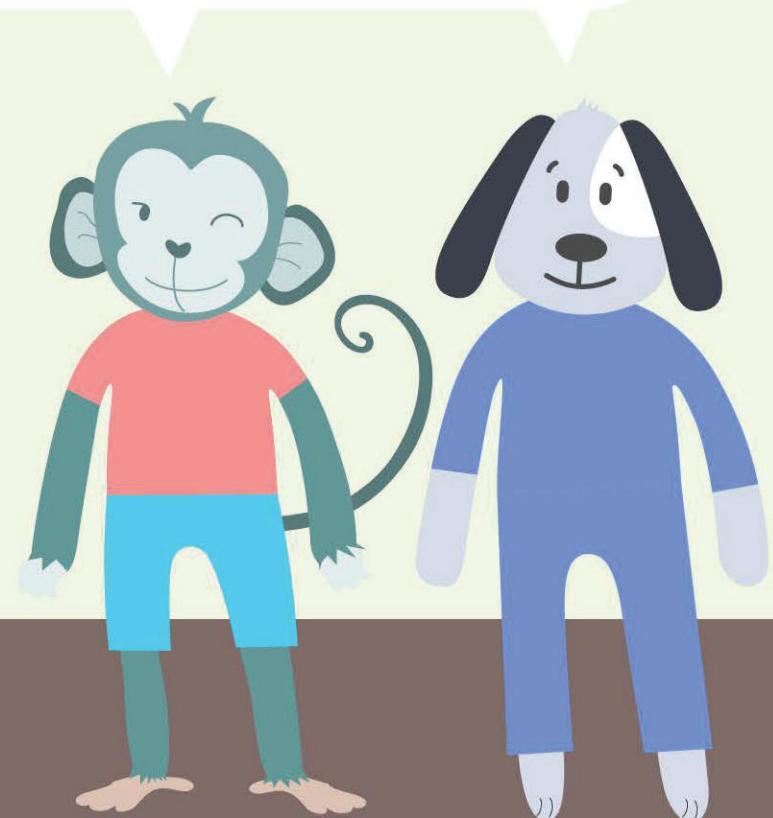

I want to see and hear everything.  
One of my favorite things to do is  
tell stories with my friends!

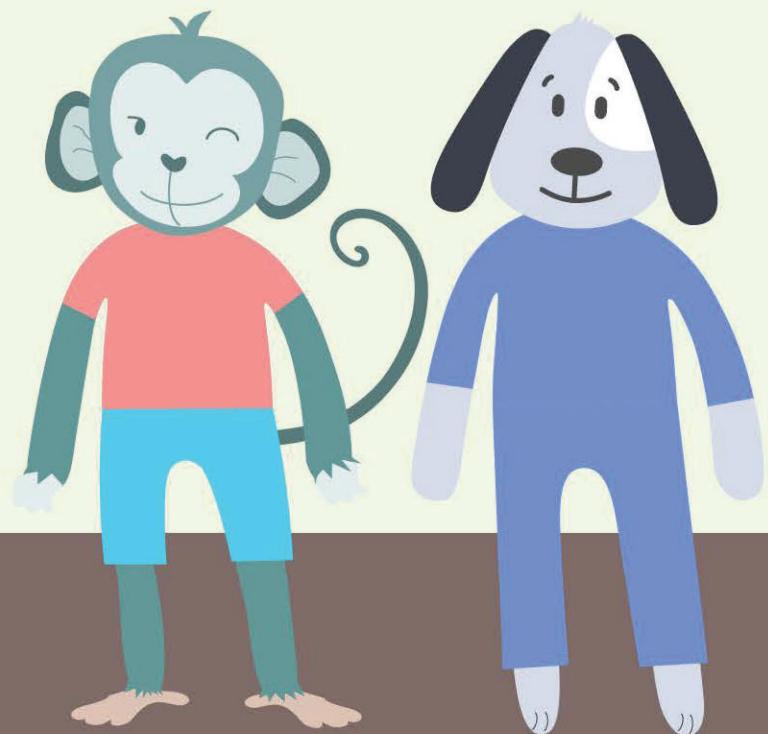

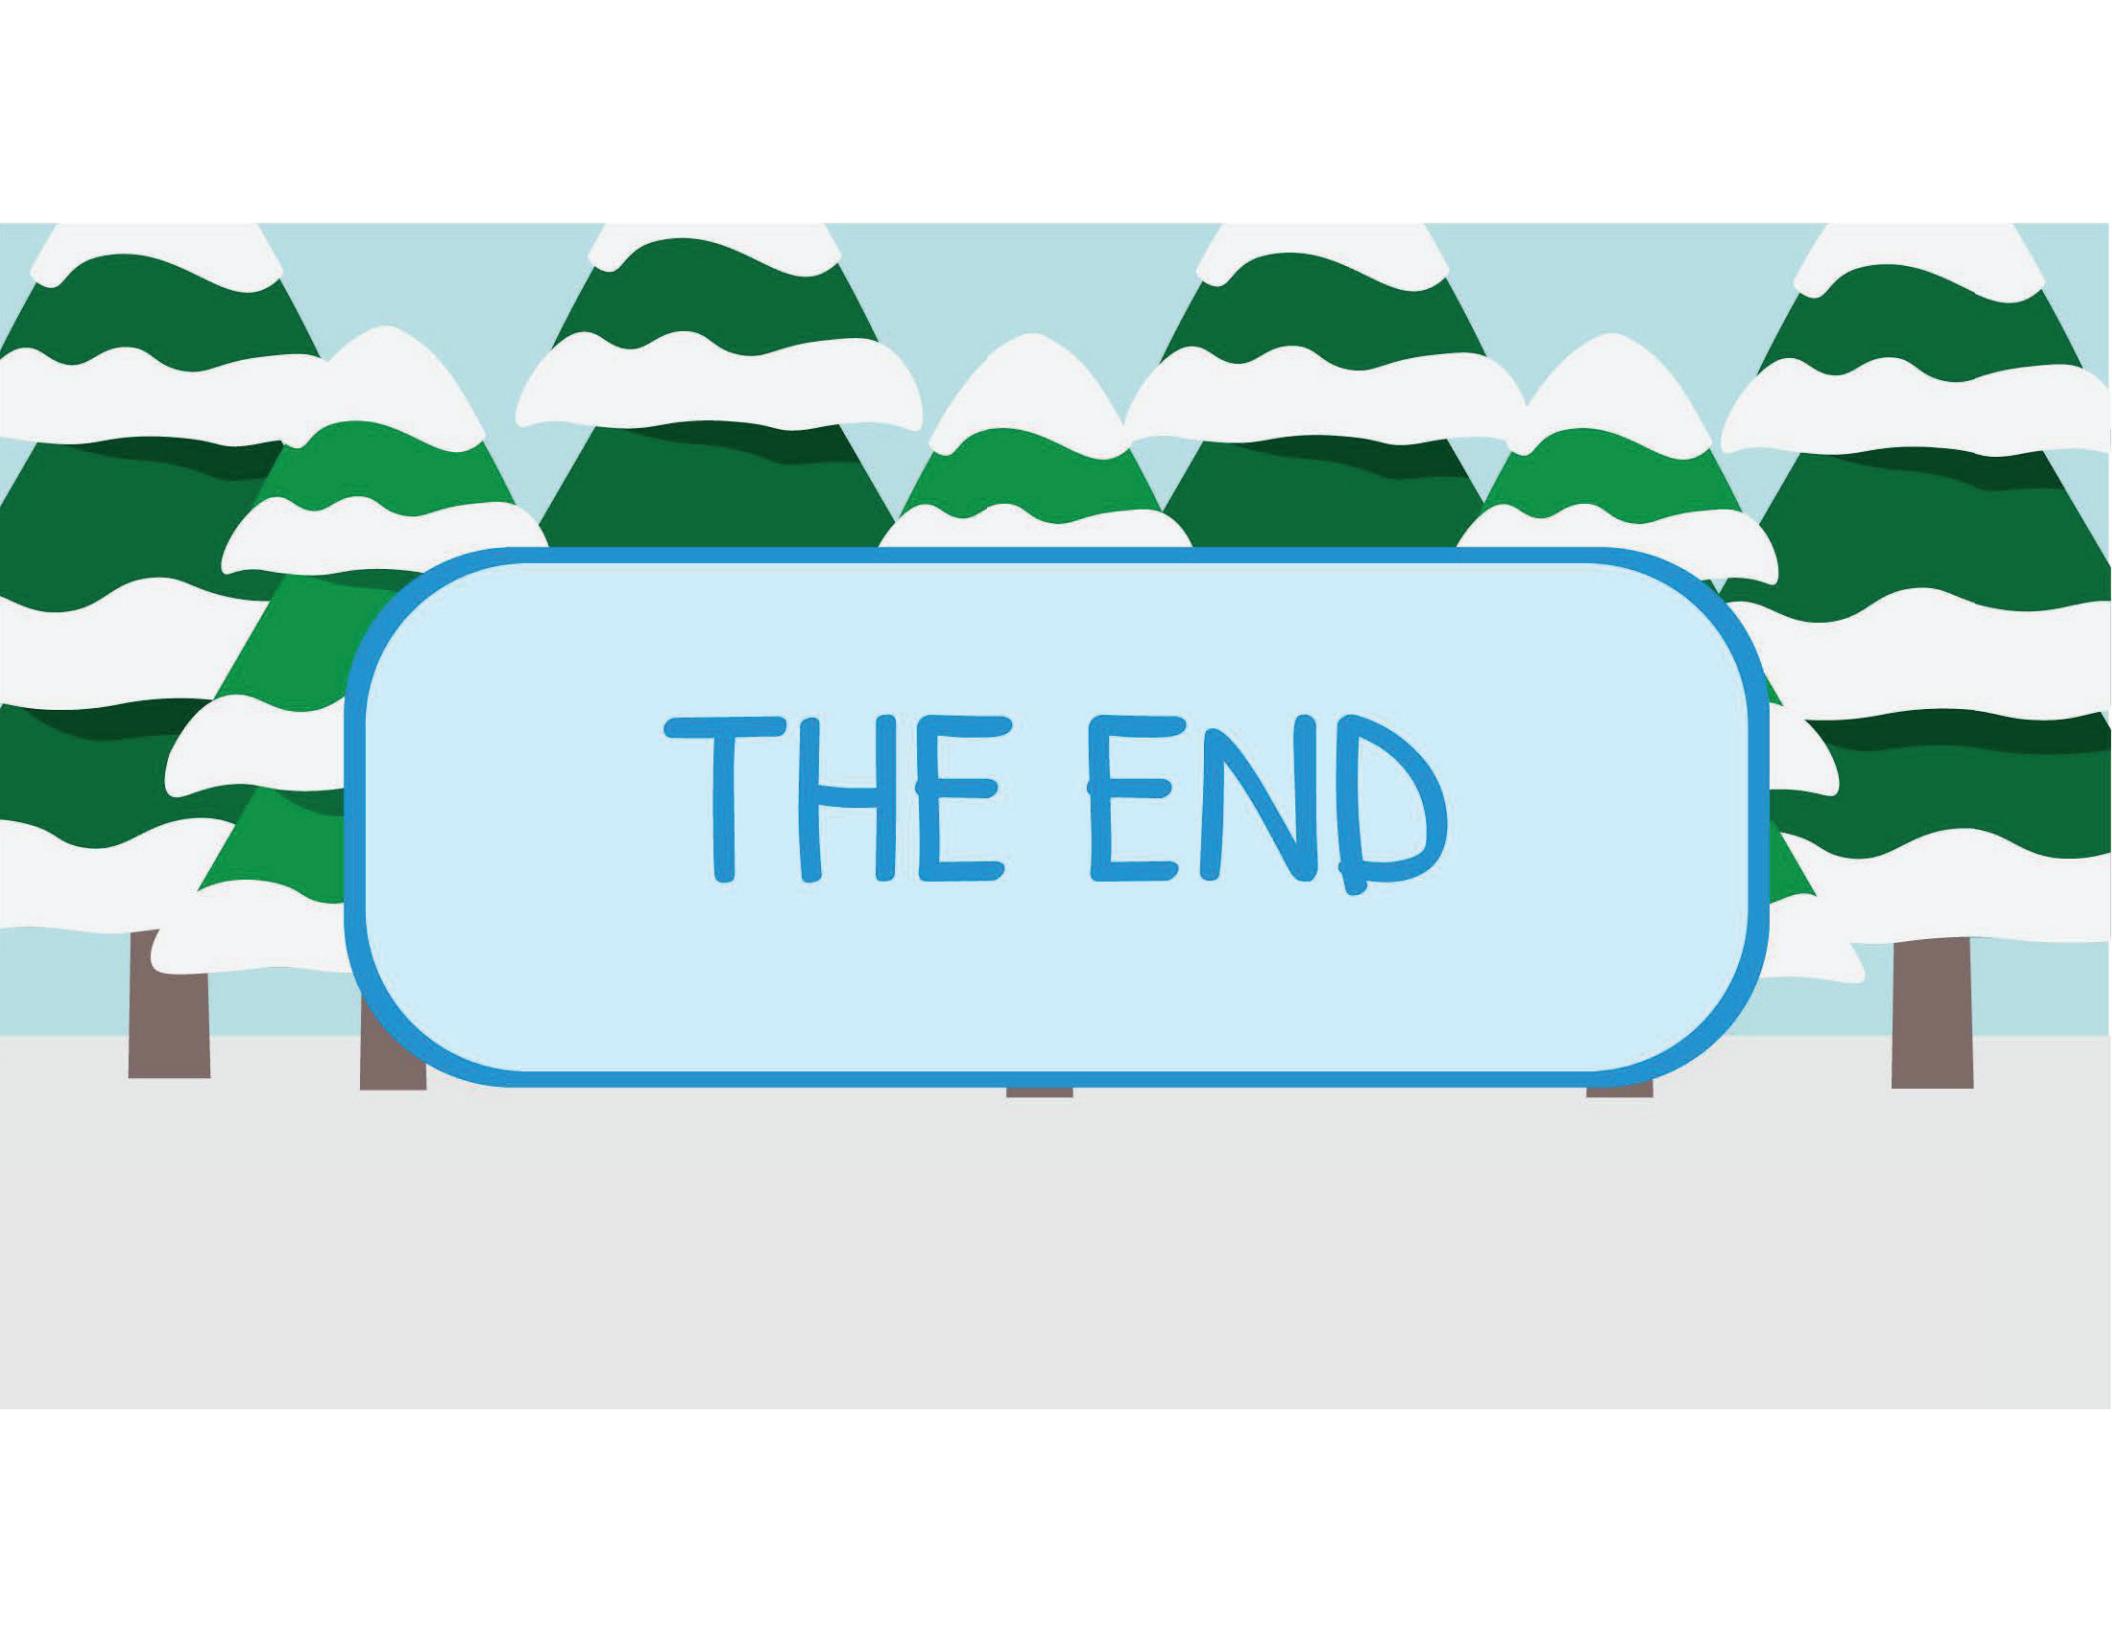

Me too!

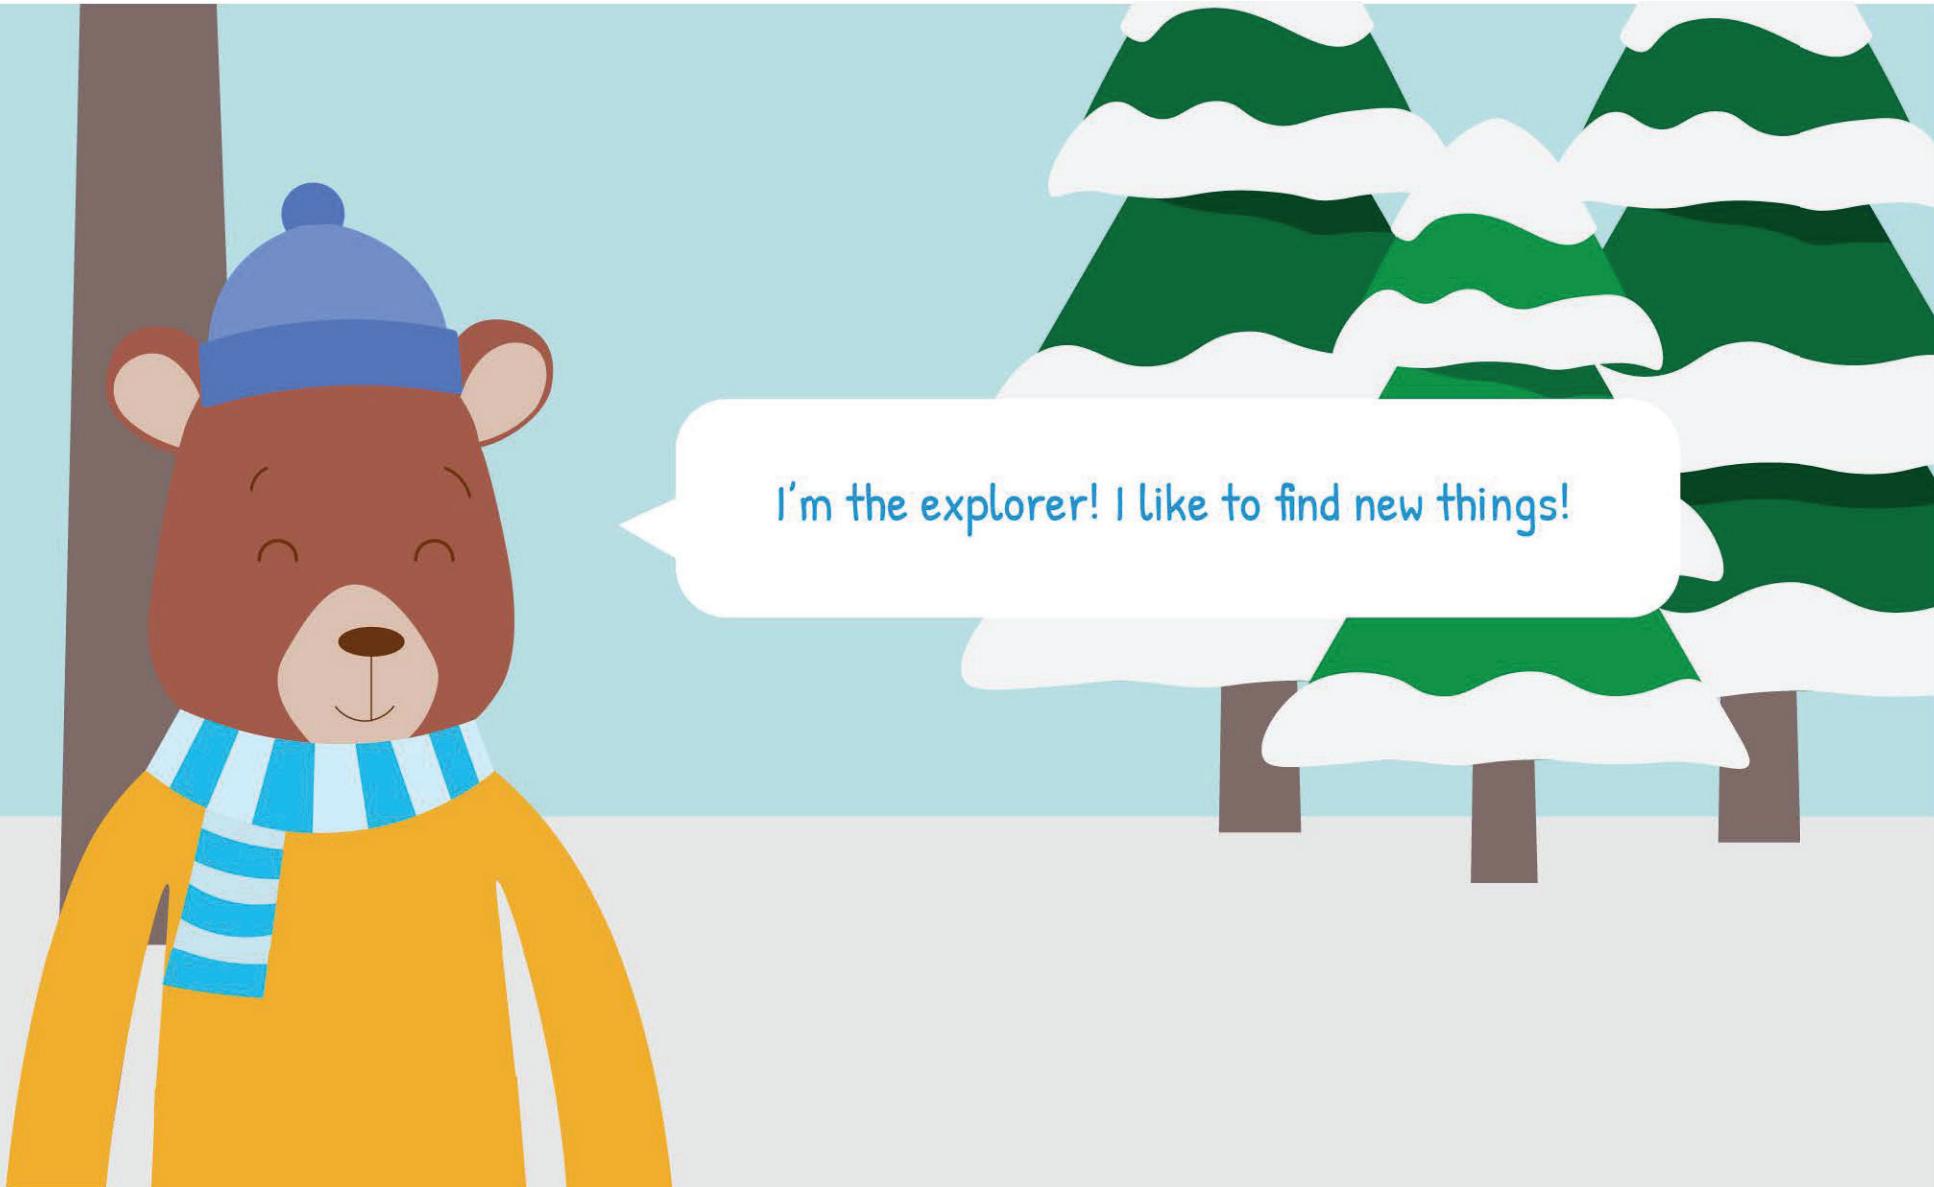

I guess we have plans for  
the rest of the day!

THE END

I'm the explorer! I like to find new things!

I'm the athlete! I like to ice-skate!

I'm the artist! I like to create!

I'm the gardener! I like to take care of my plants!
