

# THE CASTAWAYS

One day, the four friends  
were sailing on a boat to a  
new place.

Suddenly, a large storm appeared out of nowhere.  
The storm started to really shake the boat.

Bear was about to say something, but Bear was interrupted by a bright flash of light and a loud crash of thunder.

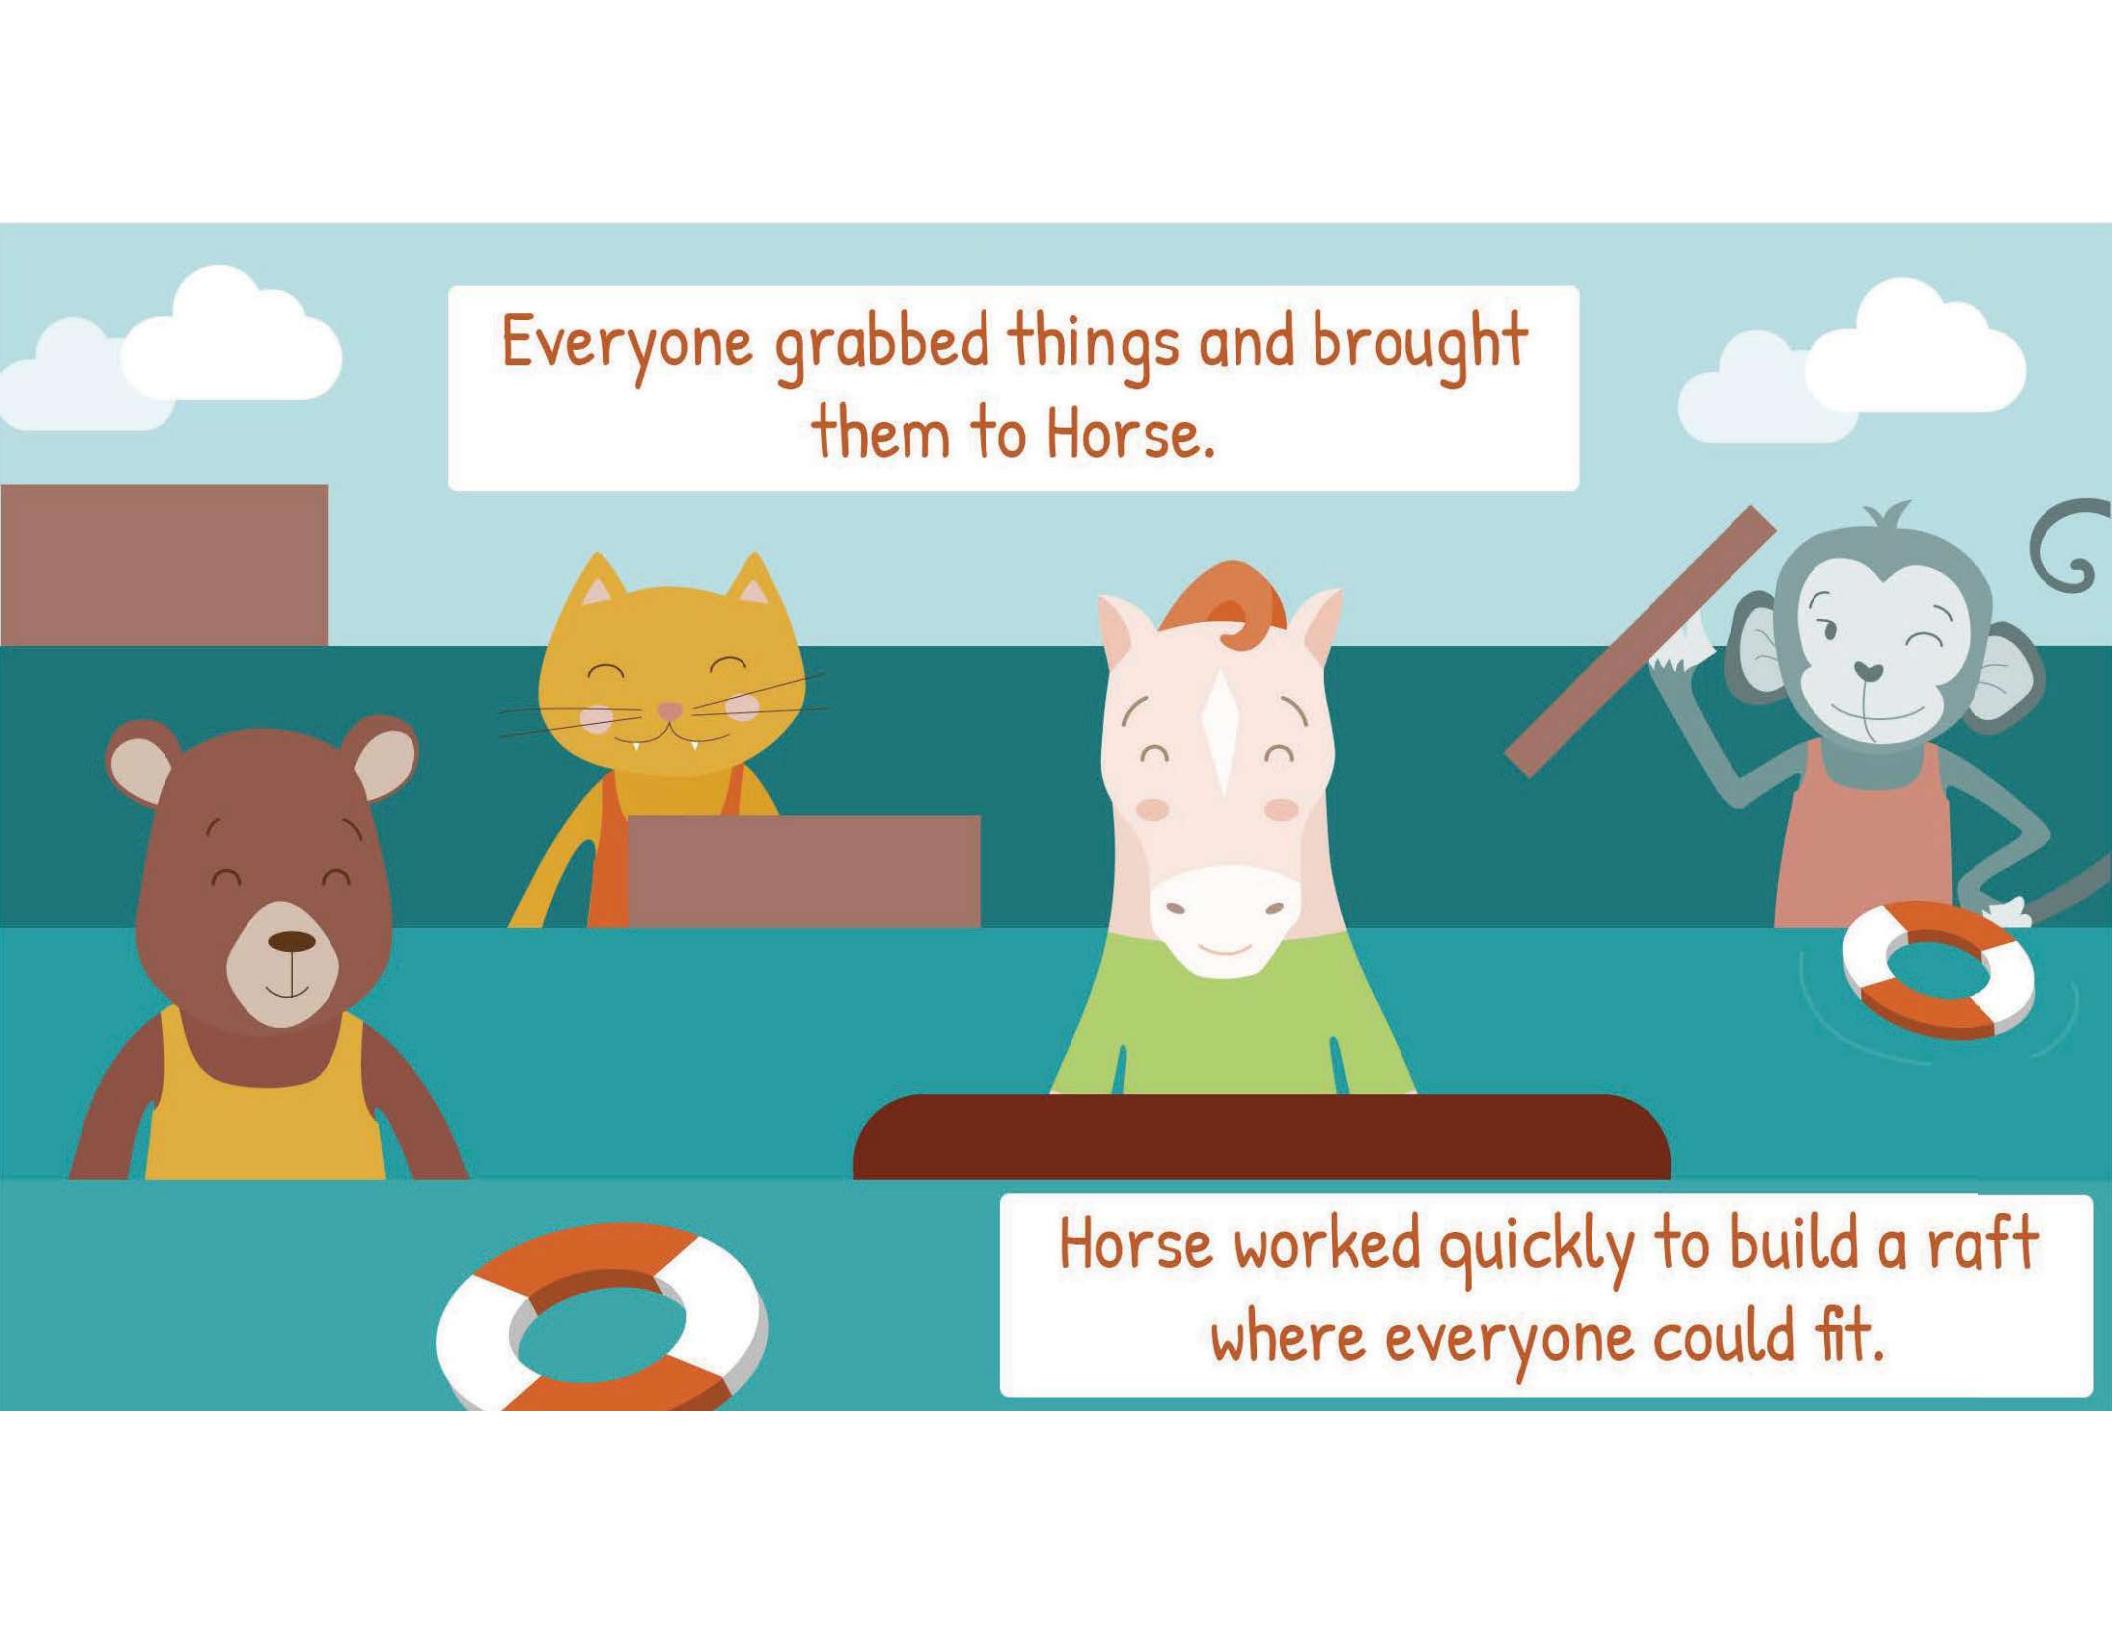

Out of nowhere, the sailboat began to sink.

Quickly, we need  
to get off this  
boat!

I will build us a raft  
so we don't have to  
swim. Help gather  
anything that is  
floating.

Everyone grabbed things and brought them to Horse.

Horse worked quickly to build a raft where everyone could fit.

I may love the sea, but this  
might be too much for the rest  
of you. I will guide us to that  
nearby island.

Okay, we may be stuck here for a while waiting for rescue. Here is what you will all need to do:

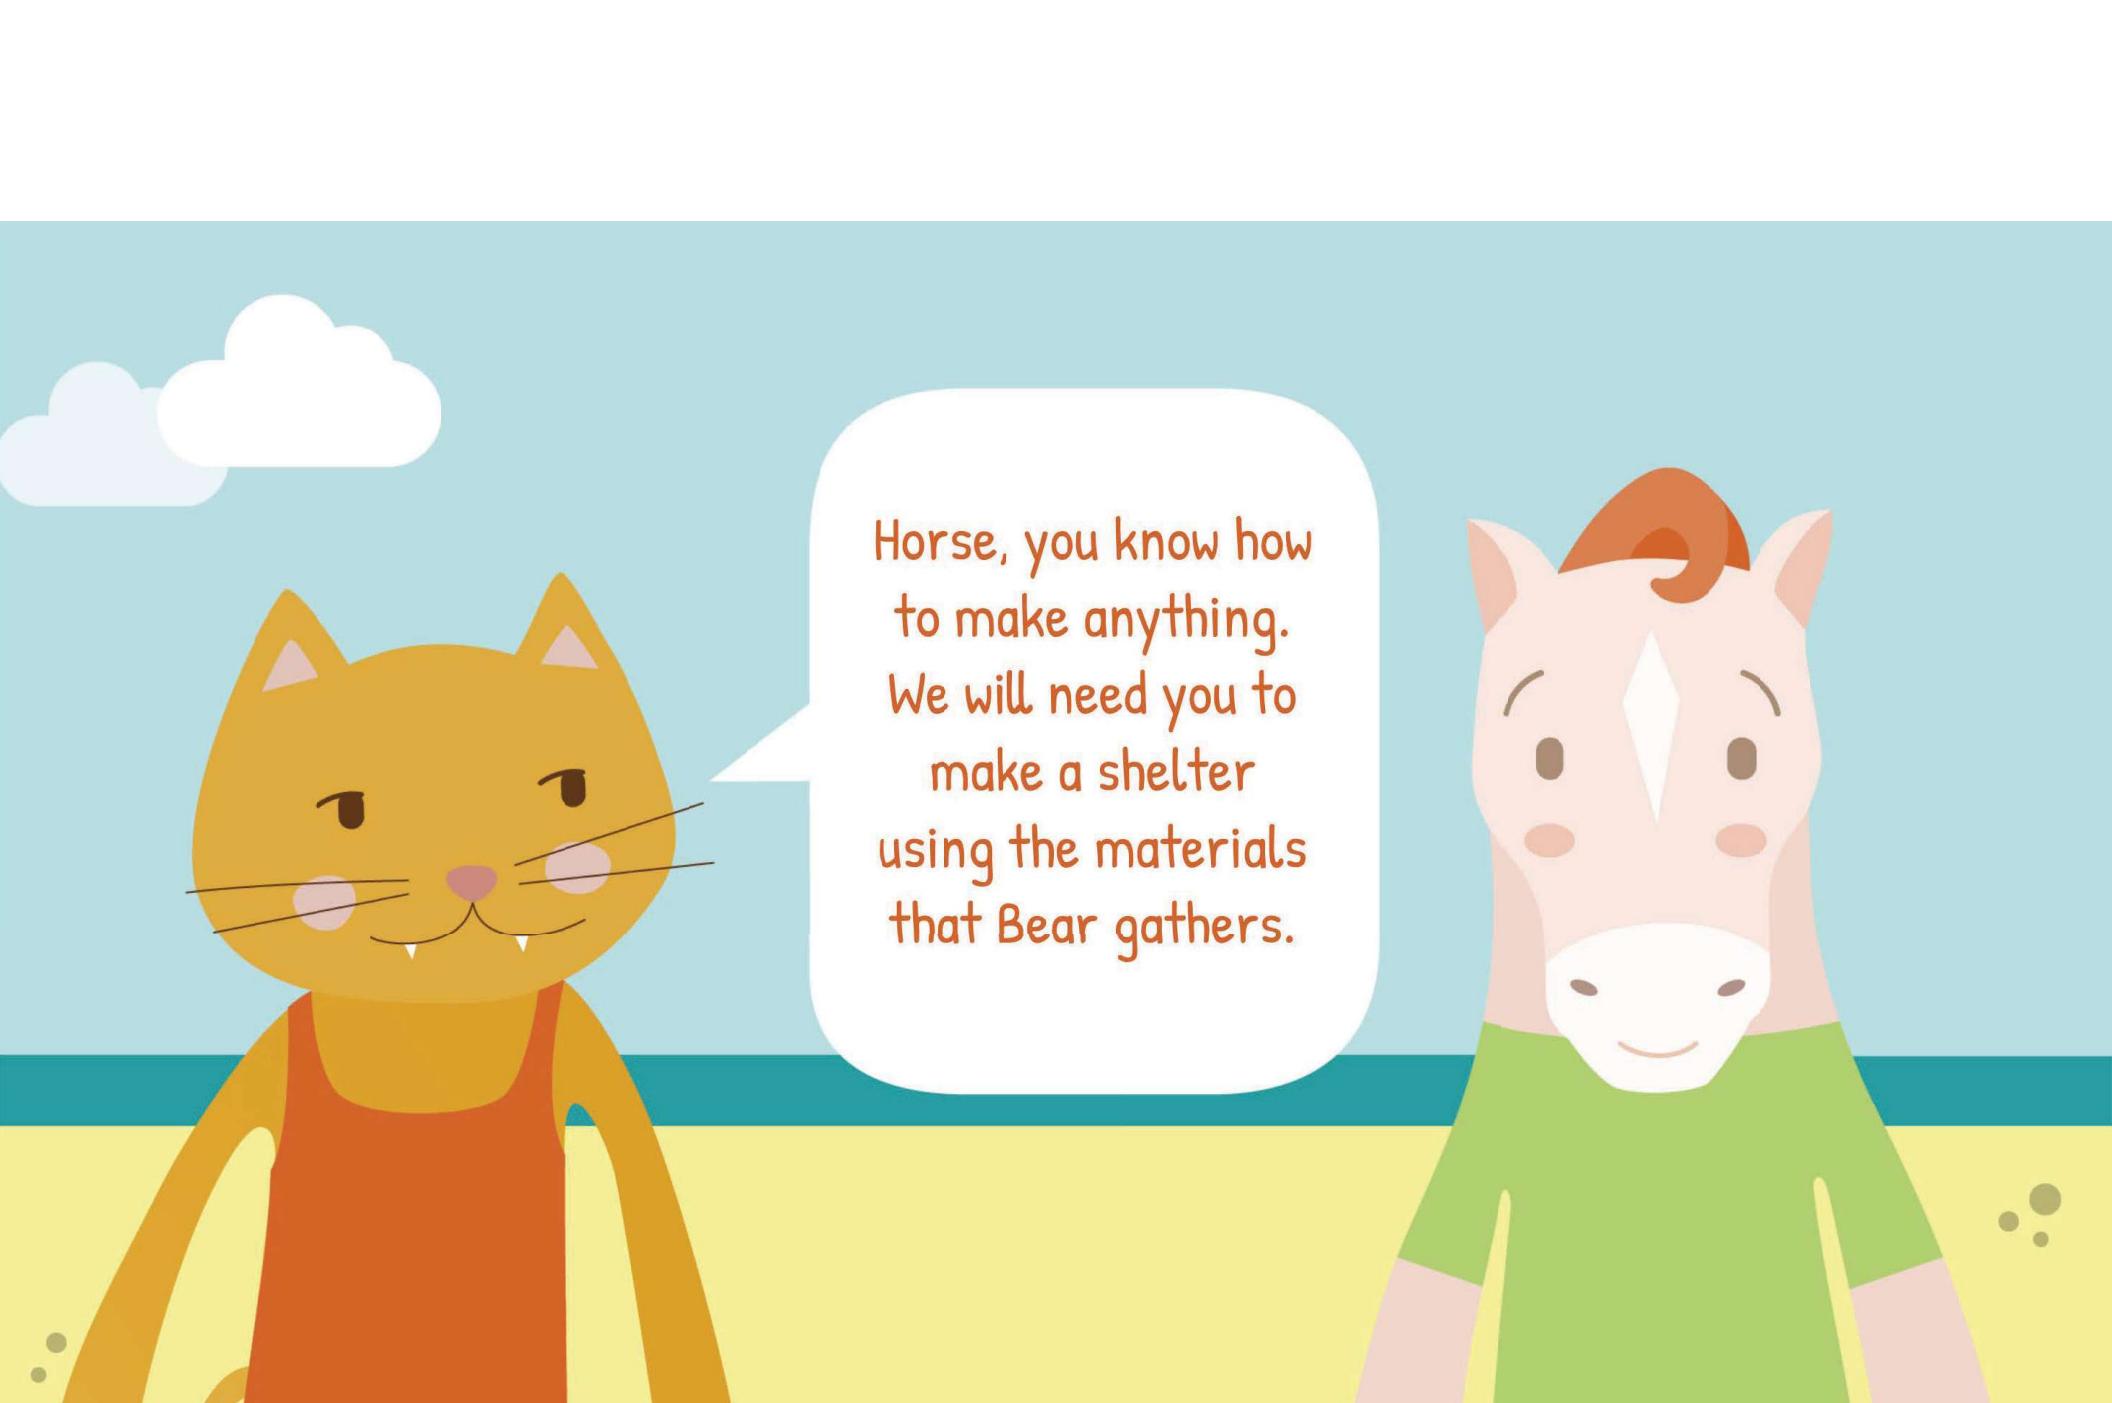

Bear, you are the  
strongest. We will  
need you to get  
trees and leaves for  
the shelter.

You got it, Cat! I  
will find the best  
pieces.

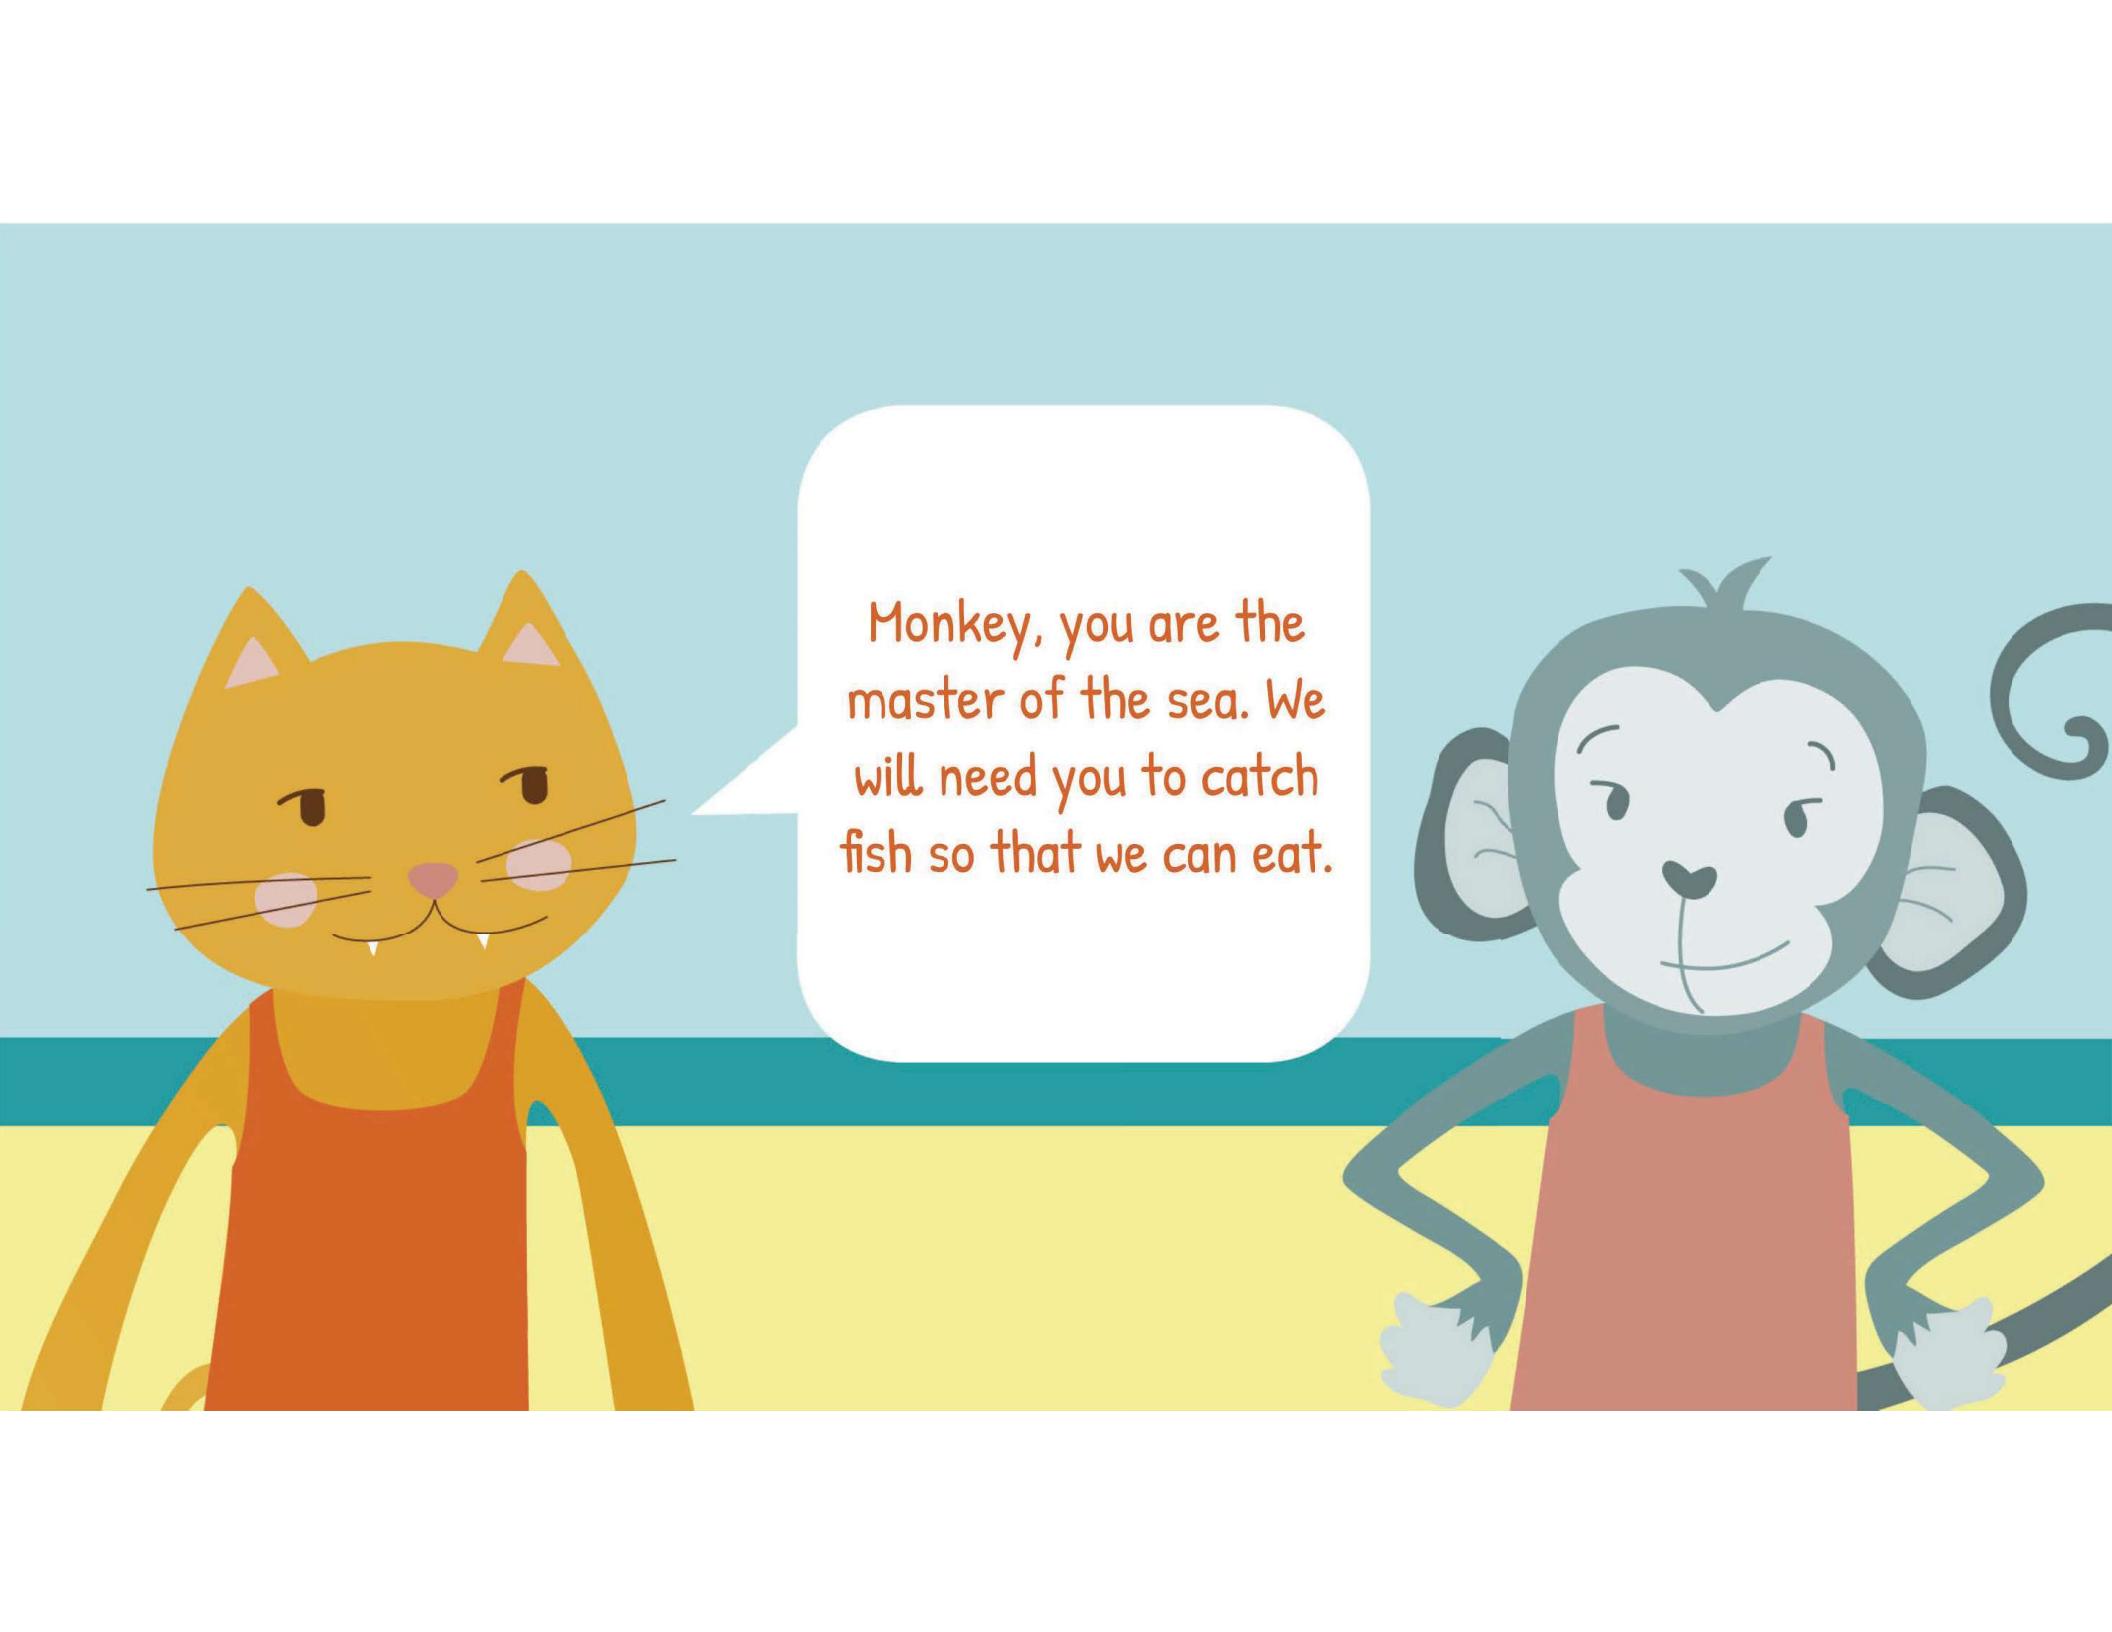

Horse, you know how  
to make anything.  
We will need you to  
make a shelter  
using the materials  
that Bear gathers.

Absolutely, Cat! This  
will be the best  
shelter you have ever  
seen.

Monkey, you are the master of the sea. We will need you to catch fish so that we can eat.

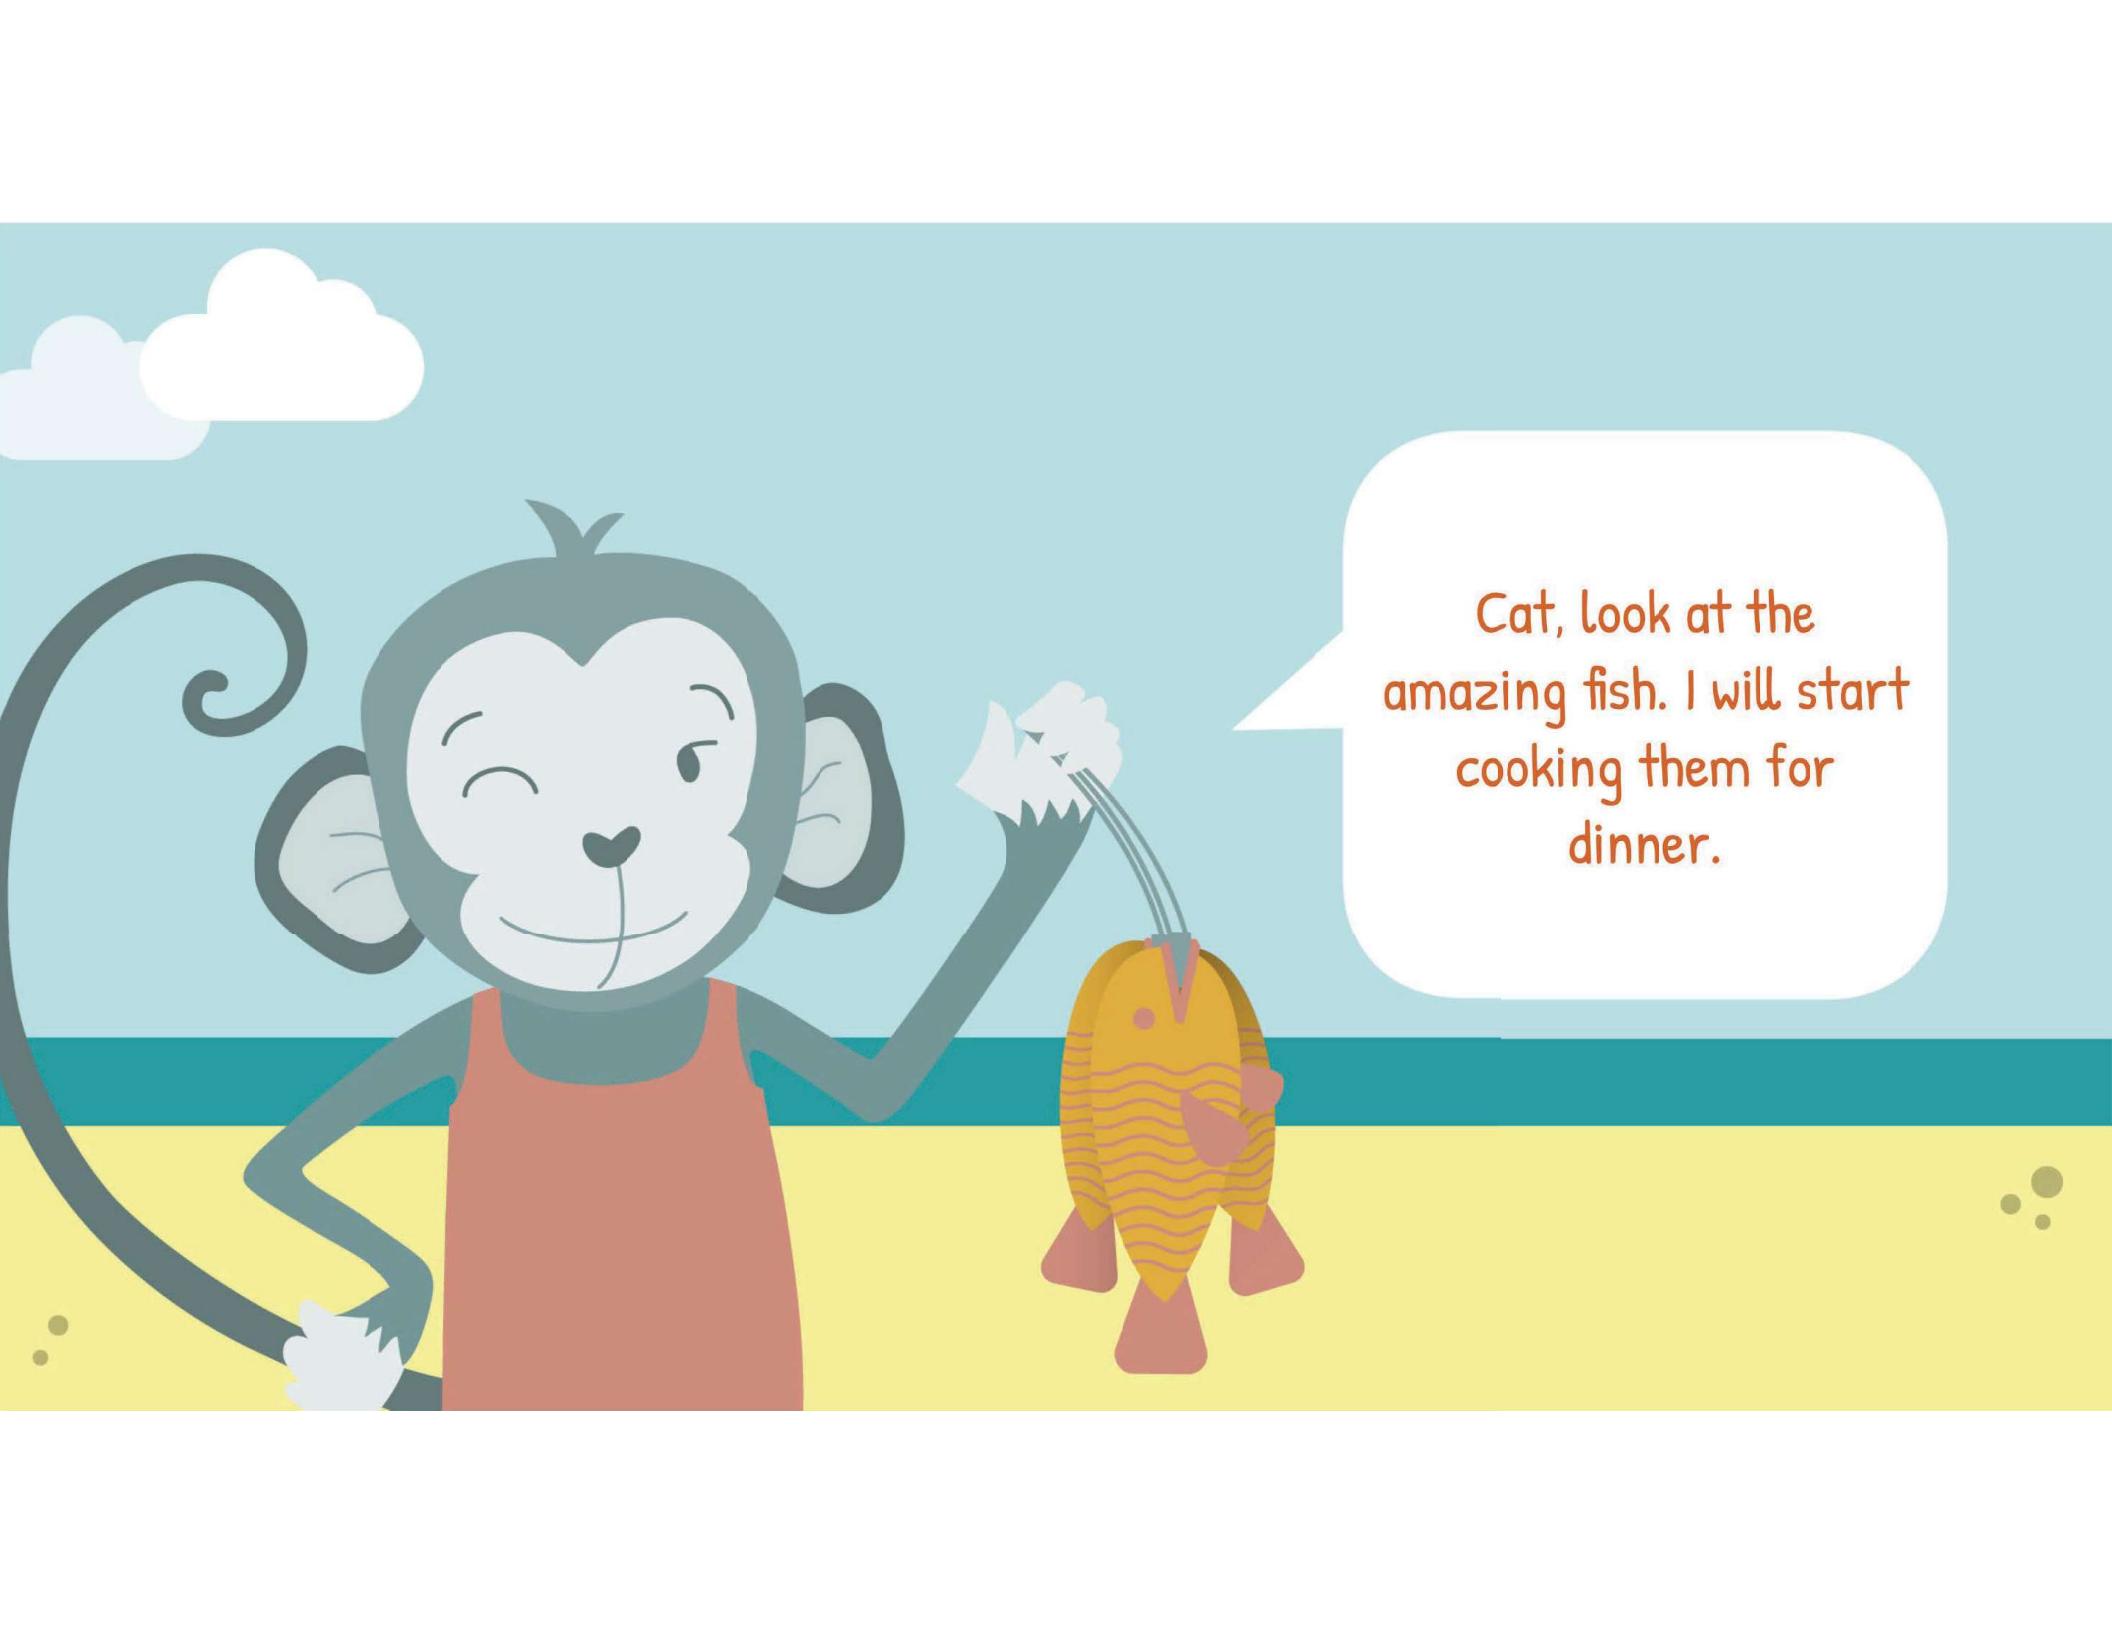

Not to worry, Cat. I  
will get you the best  
fish you have ever  
seen.

Horse, these are all the  
big palm trees I could  
find. Do you want any  
smaller ones?

These large ones look  
fantastic! I could use six  
smaller ones, too.

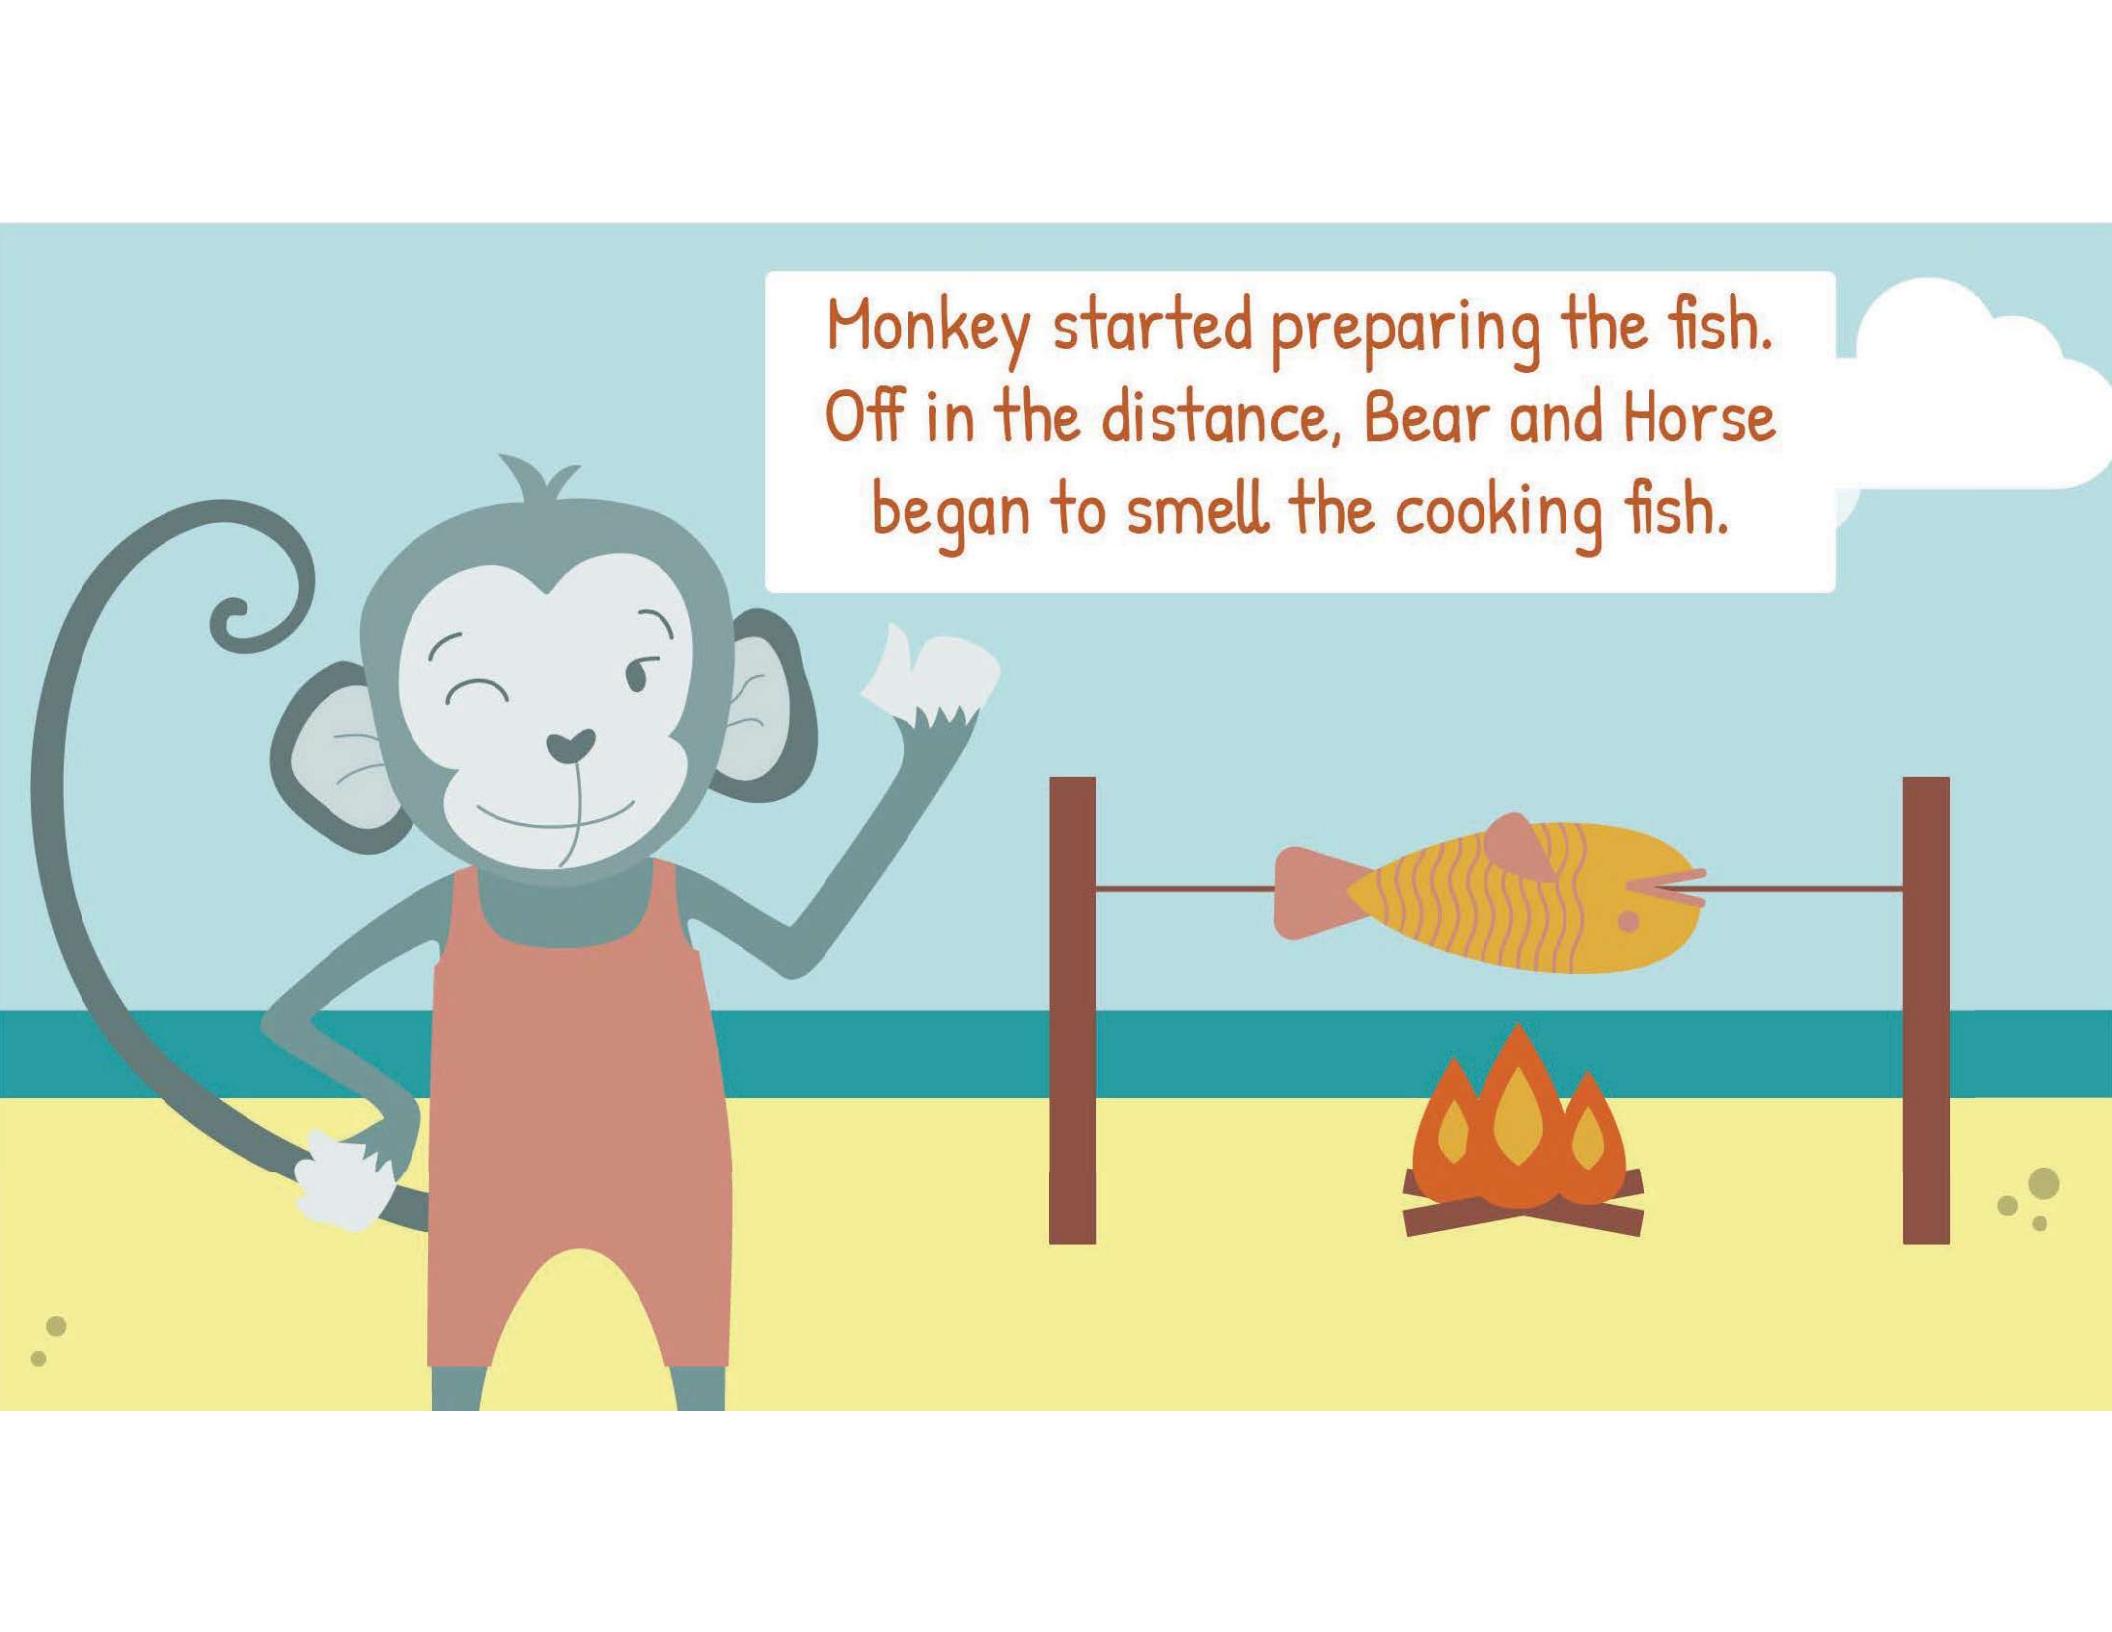

Cat, look at the  
amazing fish. I will start  
cooking them for  
dinner.

I love fish!

Me too.

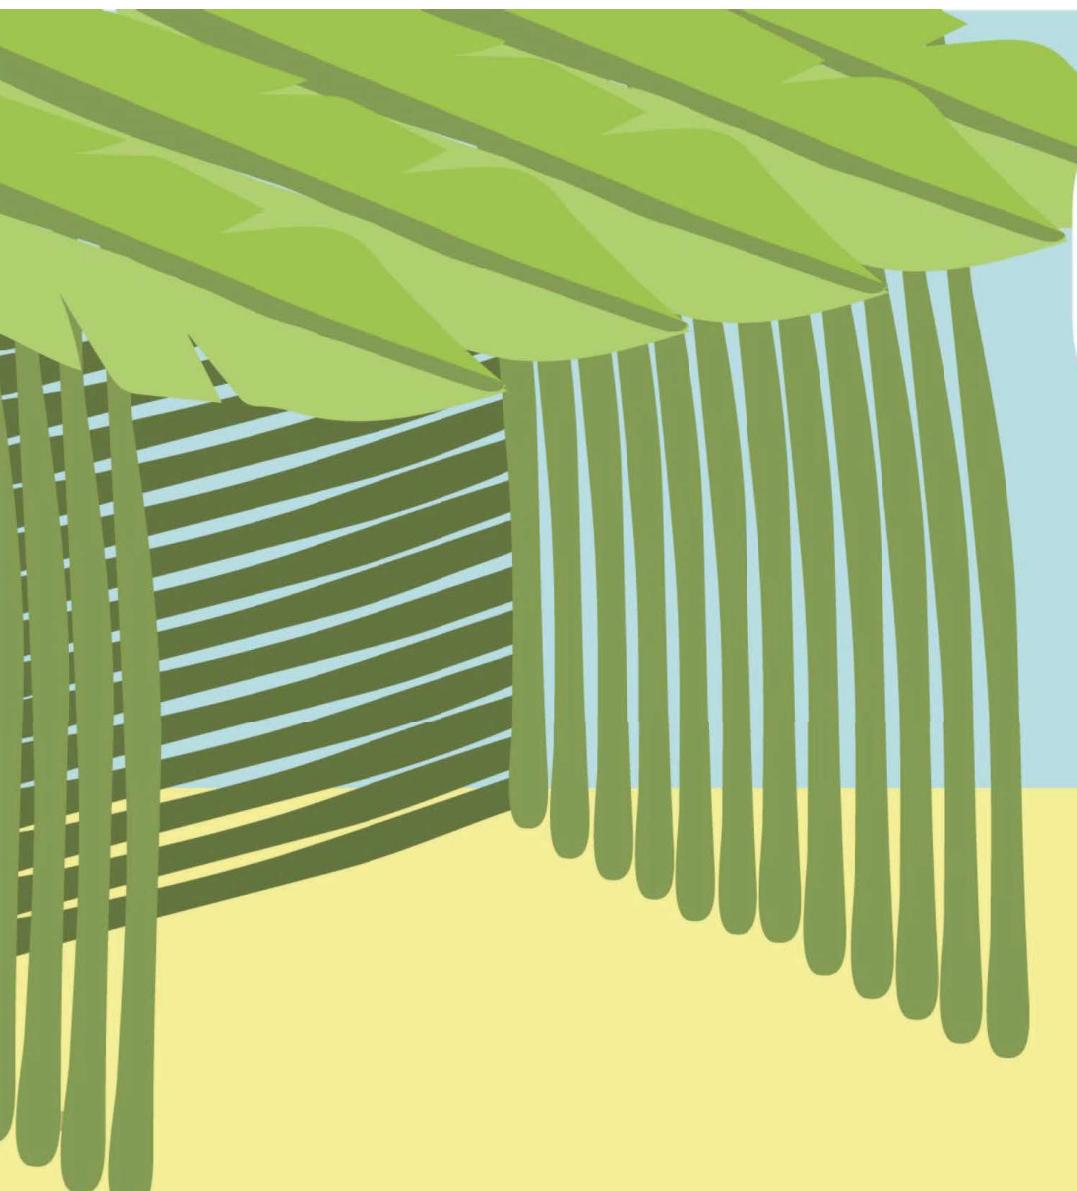

Monkey started preparing the fish.  
Off in the distance, Bear and Horse  
began to smell the cooking fish.

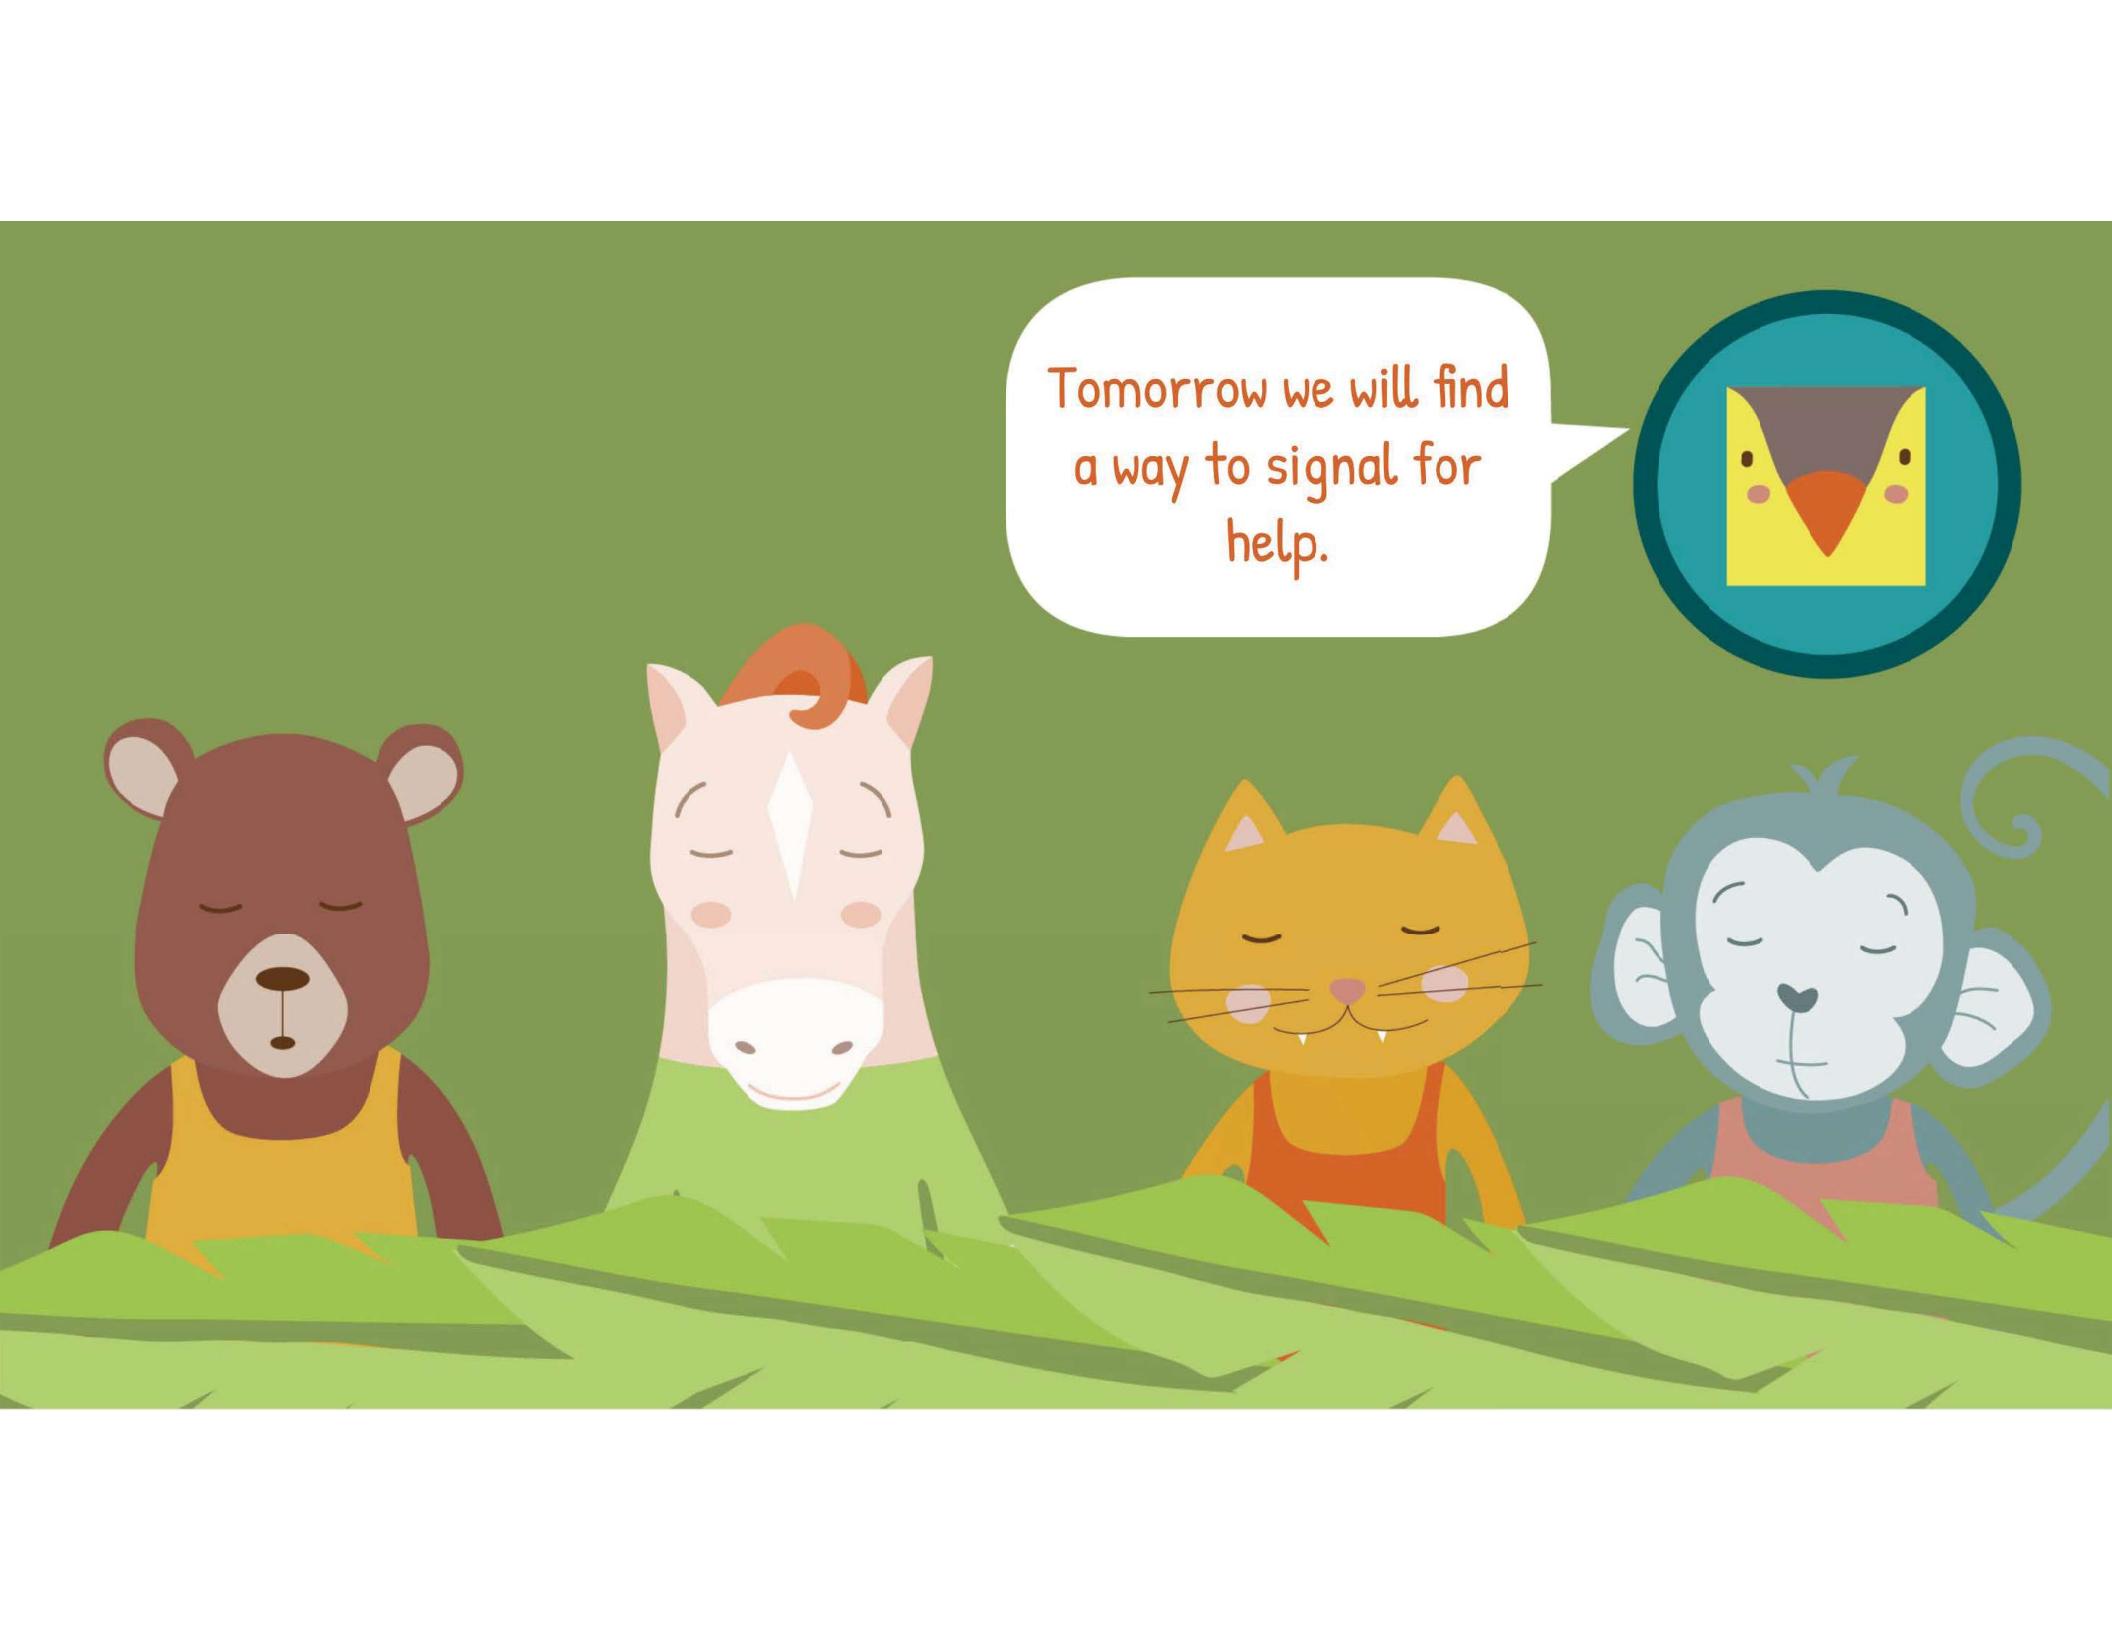

Come check out the  
shelter that I made  
with the stuff Bear  
got for me.

It's getting late.  
You should all go to  
sleep.

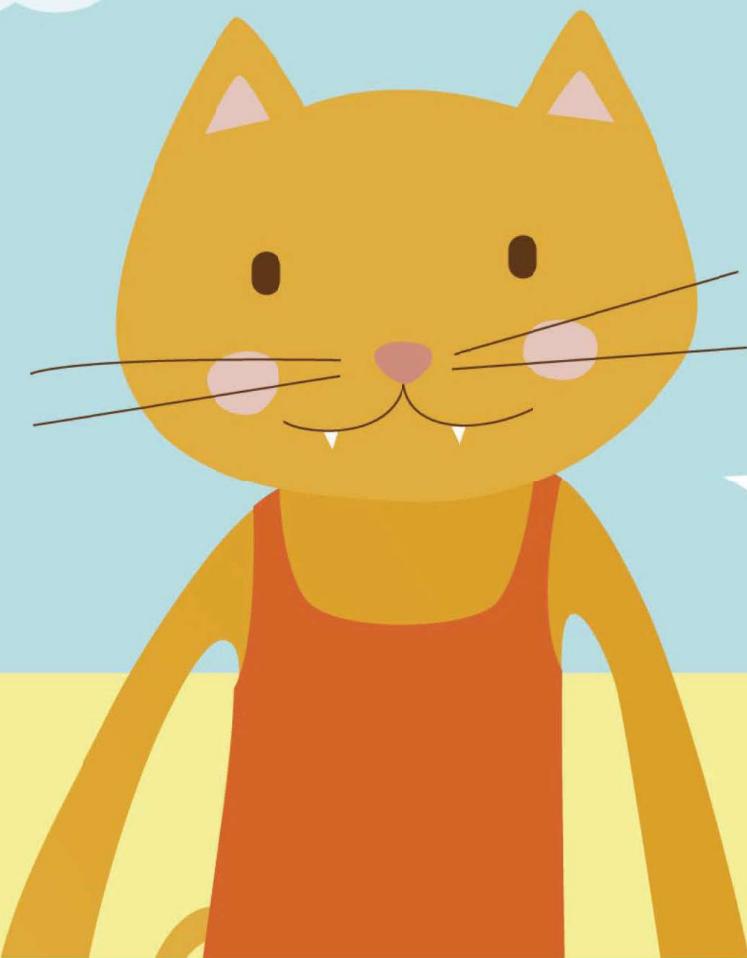

Tomorrow we will find  
a way to signal for  
help.

THE  
**END**

With the help of  
MiniBird, I have all the  
ideas for the group.

I am the maker. I  
make anything the  
group needs.

I am the muscle. I am  
the strongest of the  
group.

I am the lord of the sea. I am the master of water.
